MESSAGE FROM THE CHIEF OCT./NOV. 2011

Well here it is the middle of Oct. already. The weeks are flying by so fast. I here from the weatherman that we are about to get 8 to 12 inches of snow. That reminds me to remind you to steady your vessel a bit before you get out on the highway. Just a little practice on the snow will remind you how slick it can get. Keep in mind with school well under way the kids are walking home from the bus stop. Which also reminds me that the bus stop at 5th. And Cleveland is going to be updated. Mike noticed that the kids wait for the bus, standing in the middle of Cleveland St. That just won't do. I have talked to the bus driver and Mike is busy creating a great place for the kids to stand on the southeast corner of the intersection. Great catch Mike.

I need your help on a matter. Myself and my reserves are here to help you with all your emergency needs. However, it is real hard to get to you on an emergency call if you don't have an address on the front of your home or the fence in the front yard. Just last week I had an assist ambulance call on a lady that fell. I had the right street but could find no numeric address. It would really help.

Mike is also updating our STOP signs around town. Remember, a rolling stop won't get it. You need to come to a full stop.

OK. Until Thanksgiving time, be safe, be kind, take care of those who need help and keep our men and women in the service of our GREAT country in your thoughts and prayers.....joe
