Message from the Chief Spring 2012

Its hard to believe, but April is almost over and the weatherman said its going to be in the 80's this weekend. On that note, if anyone knows a rain dance...get it going. We need rain. The dry land farmers really need it and all of us in town are tired of dusting... daily.

It has been a pretty quiet first quarter. The Reserves are keeping the speeders in check and I noted from ours monthly stats that general crime is down. (Knock on wood) I like to believe that "good conquers evil"

Remember, we have a burning ban in town. Its is way too dry to burn anything right now. The risks are way too high.

Another area we see a problem is the dumpsters. Keep in mind, the dumpsters are for town people only and you can only put household trash in them. No construction materials, carpet, large appliances etc. We have been giving warnings, however, when the trash company finds theses things they charge the town (taxpayers) \$50.00 for each item. There probably won't be any more warnings

I have noticed that a few people are traveling 4th. St. a bit too fast. Don't be surprised to see us running radar in town. This warm weather brings out the kids. We do not want any tragedies here

I know its starting to wind down now, However, lets keep our men and women in the service of our great country in our thoughts and prayers.
God Bless

Joe
